	Gray Water Ordinance Allowing Gray Water?	Yes: 38%, No: 52%, In Process: 0%, No Data: 10%	No	SMCH

City of Millbrae Sustainability Efforts/Accomplishments

1. **Mitigation:** The City of Millbrae Adopted its Climate Action Plan (CAP) and has implemented several measures such as:

- a. Municipal Environmental Policy, which included the addition of Environmentally Preferred Purchasing Guidelines.
- b. Newly adopted Reach Codes, which mandate that new residential and commercial buildings are built to an all-electric standard, and require solar for residential high-rise and commercial buildings and infrastructure for electric vehicles. The City is building a new all-electric Recreation Center to be completed Spring 2022.
- c. Municipal Zero Waste Policy for City operations.
- d. Municipal Clean and Efficient Fleet Policy.
- e. Disposable Food Service Ware Ordinance using the County's Ordinance as a model.

2. **Adaptation:**

- a. Completed Sea Level Rise Adaptation Assessment, which assesses the impacts of sea level rise and potential adaptations to help protect the shoreline, and a Green Infrastructure Plan.
- b. Millbrae is collaborating within the Operation Landscape Unit (OLU) framework and OneShoreline.
